

Enclosure, Panel and Cabinet Systems

Controlled **Power**, Continuous **Energy**

www.nilpapano.com

ABOUT US

Our company Nilas Çelik A.Ş. was established in 2022 in line with our desire to take part as a manufacturer in the electricity sector, which we have been in since 2003. The main purpose of our Nilpa Pano brand within our company is to provide professional solutions to the needs of our customers in this field with our wide range of panel products that we produce in our facility located in Tekirdağ/Ergene.

Among our standard and specially designed products in our Nilpa Pano production area; Modular Standing Type Enclosures, Wall Type Enclosures, External Enclosures, Stainless Steel Enclosures, ABS Enclosures, Control Panels, Cable Trays, Rack Cabinets and Regulator Enclosures. In addition to these, special production enclosures can also be manufactured upon request.

We prioritise quality philosophy in our production processes by targeting maximum customer satisfaction. In this context, we offer our superior product quality in accordance with ISO 9001, ISO 14001 and OHSAS 18001 standards in accordance with environmental and occupational health and safety management systems.

We take our quality and business processes to the next level every day by increasing our R&D investments and closely follow the technological developments and innovations in the world. We attach importance to developing our production processes in line with the expectations by identifying the needs in advance, adopting the understanding of innovation and incorporating it into our work.

As Nilpa Pano, we are actively continuing our export activities in line with our goal of having a say in the world market. We plan to continue our export policy in many different regions of the world by expanding our trade volume.

Since the day we were founded, we continue to be the long-term solution partner of our customers in line with our goal of being the first choice in the sector and to provide services with confidence.

www.nilpapano.com

MISSION

Our main mission is to offer our customers the most innovative solutions of the highest quality by advancing with the goal of zero error in our production processes and by closely following technological developments in the world.

**THANKS FOR
CHOOSING US!**

VISION

Our vision is to be an internationally competitive, leading, reliable and sought-after brand in the power industry.

WHY CHOOSE US?

Wide range of products

We offer the ability to customize your orders with a wide range of products tailored specifically to your needs, allowing you to meet all your needs in one place.

Customer satisfaction

We prioritize customer satisfaction and ensure timely and smooth delivery of your orders without compromising on product quality.

Experienced staff

Our company, which always prioritizes the needs of our customers, employs experienced and qualified employees who are constantly upgrading their qualifications.

Innovative technology

We offer you the most innovative solutions thanks to our state-of-the-art equipment that meets the latest technological trends.

Quality assured products

We provide our customers with technical support in the various applications of our type-tested panels, which we produce in accordance with TS EN IEC 62208: 2023.

- Door is equipped with concealed hinges and a butterfly lock.
- Wall brackets are available to facilitate the mounting of enclosures to the wall.
- Depending on preference, the doors can be equipped with glass and the direction of opening can be changed.
- To ensure protection against moisture and dust, the doors have a polyurethane seal.
- Please contact our representative for prices.

RECESSED ENCLOSURE WITH MOUNTING PLATE

NILPA

TECHNICAL SPECIFICATIONS	
Type	Welded
Design	Recessed
Area of Use	Industrial
Protection Class	IP 55
Colors	RAL 7035
Paint	Electrostatic Powder
Depth	100-175 mm
Width	300-800 mm
Height	400-1000 mm
Door	Single-Double door
Option	with Mounting Plate

- When placing an order, the location of the openings on the doors for air filters, energy analyzers and alarms must be specified.
- Depending on preference, the doors can be equipped with glass.
- The opening direction of the door can be changed.
- To ensure protection against moisture and dust, the doors have a polyurethane seal.
- Door is equipped with concealed hinges and a butterfly lock.
- Please contact our representative for prices.

RECESSED ENCLOSURE WITH DEAD FRONT

TECHNICAL SPECIFICATIONS	
Type	Welded
Design	Recessed
Area of Use	Industrial
Protection Class	IP 55
Colors	RAL 7035
Paint	Electrostatic Powder
Depth	100-175 mm
Width	400-800 mm
Height	500-1000 mm
Door	Single-Double door
Option	with Dead Front

- The design of the dead front can be modified on request.
- Door is equipped with concealed hinges and a butterfly lock.
- When placing an order, the location of the openings on the doors for air filters, energy analyzers and alarms must be specified.
- The opening direction of the door can be changed.
- For enclosures with dead front, the dimensions of the dead front and internal cutouts must be specified when placing the order.
- To ensure protection against moisture and dust, the doors have a polyurethane seal.
- Please contact our representative for prices.

WALL TYPE DISTRIBUTION + LOW VOLTAGE BOARDS

NILPA

Recessed Distribution + Low Voltage Board

TECHNICAL SPECIFICATIONS

Type	Welded
Design	Recessed
Area of Use	Industrial
Protection Class	IP 55
Colors	RAL 7035
Paint	Electrostatic Powder
Depth	100-200 mm
Width	600 mm
Height	800-1000 mm
Door	Top-Bottom door
Option	upper part-distribution lower part-low current

- When placing an order, the location of the openings on the doors for air filters, energy analyzers and alarms must be specified.
- To ensure protection against moisture and dust, the doors have a polyurethane seal.

- The opening direction of the door can be changed.
- Depending on preference, the doors can be equipped with glass.
- Door is equipped with concealed hinges and a butterfly lock.
- Please contact our representative for prices.

Surface Mounted Distribution + Low Voltage Board

TECHNICAL SPECIFICATIONS

Type	Welded
Design	Surface Mounted
Area of Use	Industrial
Protection Class	IP 55
Colors	RAL 7035
Paint	Electrostatic Powder
Depth	100-200 mm
Width	600 mm
Height	800-1000 mm
Door	Top-Bottom door
Option	upper part-distribution lower part-low current

DESK CONSOLE

TECHNICAL SPECIFICATIONS	
Type	Welded
Design	Surface Mounted
Area of Use	Industrial
Protection Class	IP 55
Colors	RAL 7035
Paint	Electrostatic Powder
Depth	500 mm
Width	600-1200 mm
Height	1400 mm
Door	Single-Double door
Option	with Mounting Plate

- When placing an order, the location of the openings on the doors for air filters, energy analyzers and alarms must be specified.
- Depending on preference, the doors can be equipped with glass.

- Possible to install a double mounting plate.
- If necessary, you can order a second mounting plate separately.
- Please contact our representative for prices.

PRODUCT CODE	WIDTH x HEIGHT x DEPTH (cm)
NP.PI.60*140*50	60 x 140 x 50
NP.PI.80*140*50	80 x 140 x 50
NP.PI.100*140*50	100 x 140 x 50
NP.PI.120*140*50	120 x 140 x 50

PULT-TYPE CONSOLE / KIOSK ENCLOSURE

NILPA

Pult-Type Console	
TECHNICAL SPECIFICATIONS	
Type	Welded
Design	Surface Mounted
Area of Use	Industrial
Protection Class	IP 55
Colors	RAL 7035
Paint	Electrostatic Powder
Depth	500 mm
Width	400-1200 mm
Height	1200 mm
Door	Single-Double door
Option	with Mounting Plate

For Pult Type Consoles,

- When placing an order, the location of the openings on the doors for air filters, energy analyzers and alarms must be specified.
- Depending on preference, the doors can be equipped with glass.
- Possible to install a double mounting plate.
- If necessary, you can order a second mounting plate separately.

For Kiosk Enclosures,

- The keyboard and monitor screen can be modified to suit your preferences.
- It can be produced with castors and can be fixed depending on your request.
- Please contact our representative for prices.

Kiosk Enclosure	
TECHNICAL SPECIFICATIONS	
Type	Welded
Design	Floor Standing
Area of Use	Industrial
Protection Class	IP 55
Colors	RAL 7035
Paint	Electrostatic Powder
Depth	150-200 mm
Width	600 mm
Height	1400-1500 mm
Door	Back door
Option	with Mounting Plate

ELEVATOR CONTROL BOARDS / CONSTRUCTION ENCLOSURES

Elevator Control Boards	
TECHNICAL SPECIFICATIONS	
Type	Welded (spot welding)
Design	Distribution Board
Area of Use	Industrial
Protection Class	IP 55
Colors	RAL 7035
Paint	Electrostatic Powder
Depth	120 mm
Width	350 mm
Height	450 mm
Door	Single door
Option	with Dead Front

- Depending on your preference, construction enclosures can be manufactured with or without socket.
- Please contact our representative for prices.

Construction Enclosures	
TECHNICAL SPECIFICATIONS	
Type	Welded
Design	Distribution Board
Area of Use	Industrial
Protection Class	IP 55
Colors	RAL 7035
Paint	Electrostatic Powder
Depth	200-400 mm
Width	400-900 mm
Height	800-1200 mm
Door	Double door
Option	with Mounting Plate

MEDIUM-VOLTAGE ENCLOSURE / SUBSTATION KIOSKS

NILPA

Medium-Voltage Enclosure

TECHNICAL SPECIFICATIONS

Type	Floor Standing
Design	Modular
Area of Use	Industrial
Protection Class	IP 55
Colors	RAL 7035
Paint	Electrostatic Powder
Height	1800 mm

- Please contact our representative for prices.

Substation Kiosks

TECHNICAL SPECIFICATIONS

Type	Welded
Design	Modular
Area of Use	Industrial
Protection Class	IP 55
Colors	RAL 7035
Paint	Electrostatic Powder
Door	Double Door

STAINLESS-STEEL ENCLOSURES

Stainless-Steel Enclosure with Mounting Plate

TECHNICAL SPECIFICATIONS

Type	Welded
Design	Surface Mounted
Area of Use	Industrial
Protection Class	IP 55
Material	304 / 316 stainless steel
Door	Single/Double door
Option	with Mounting Plate

- When placing an order, the location of the openings on the doors for air filters, energy analyzers and alarms must be specified.
- The opening direction of the door can be changed.
- Door is equipped with concealed hinges and a butterfly lock.

- Please specify the stainless-steel grade when placing your order.
- Please contact our representative for prices.

Semi-Modular Stainless Steel Enclosure with Mounting Plate

TECHNICAL SPECIFICATIONS

Type	Semi-Modular
Design	Floor Standing
Area of Use	Industrial
Protection Class	IP 55
Material	304 Stainless Steel
Door	Single/Double door
Option	with Mounting Plate

ABS ENCLOSURES

NILPA

ABS Enclosure with Opaque Door and Dead Front

TECHNICAL SPECIFICATIONS
